## FLEXcon® Face Shields | Single-use Face Shields For General Healthcare Use

1  
Unpack Face Shield from box and locate a pair of safety glasses to attach to the Face Shield.

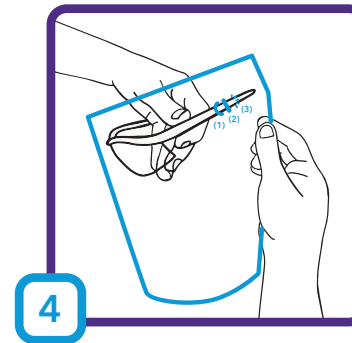

2  
Bend the Face Shield sheet as indicated.

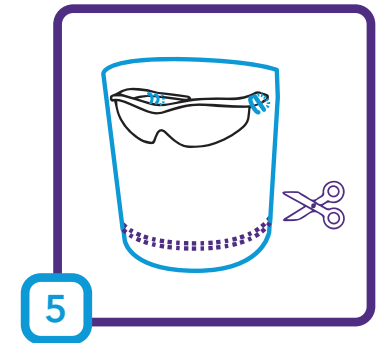

3  
Start with putting one temple of the safety glasses through the 1st hole (1) weaving it through to the 2nd hole (2).

Make sure the material for the Face Shield is on the inside.

4  
Repeat Step 3 on the opposite side.

If using regular eyeglasses, the 3rd hole (3) can be used. You may need to trim part of the shield around the ear for optimum comfort and fit.

5  
Cut the Face Shield sheet to your desired length.

The Face Shield is ready to use.
